WORLDPAY EPOS FOR RETAIL, HOSPITALITY AND SERVICES

Your all-in-one EPOS and payment solution

WORLDPAY FOR BUSINESS

Improve your customers' buying experience and much more.

There has never been a better time to move to an integrated payment solution. In addition to facilitating fast, secure and reliable transactions, integrated payments can be a hub of action to help your business grow.

Worldpay EPOS, our all-in-one solution with point-of-sale software and hardware, can help you do just that. An easy-to-use solution connecting your EPOS with your card payment terminal, Worldpay EPOS is your one-stop-shop. With its hassle-free integration and cloud-based solutions, it can be designed to align perfectly with your unique needs.

Unlike standalone card payment terminals, Worldpay EPOS will help you streamline your operations, cut through administrative duties, and offer an enhanced check out experience, leaving you and your team free to focus on servicing your customers better. And if you want to lift the lid on buying behaviours and purchasing patterns, Worldpay EPOS will empower you with the insights needed to market more effectively to your customers and help improve your profits.

Features

- **In-person:** Easy-to-use, hassle-free, all-in-one EPOS and card payment solution.
- **Business tools:** Inventory management, customised dashboard and real-time insights.
- **Marketing:** Collect insights and drive and track promotions.
- **Payment features:** Contactless payments, mobile wallets and more.

Benefits

- We'll take the integration out of your hands and provide a full solution, so you can realise the benefits faster.
- Increase revenue with efficient inventory tracking and easily reconcile transactions with holistic reporting.
- Delight customers with an enhanced customer experience and speedier sales.

Worldpay EPOS has a range of all-in-one solutions to suit your unique business needs

LITE

PAX with Smart POS

A fully integrated payment terminal with the benefits of an EPOS system without compromising countertop space. Take payments and more all from one device.

STANDARD

EPOS POS with PAX Terminal

An all-in-one integrated payments and countertop EPOS system. Push transactions directly from your EPOS to your payment terminal and much more, all with a seamless connection.

PRO

EPOS and PAX terminal with Smart POS

Combine the simplicity of Smart POS and EPOS system, giving you the complete solution to be truly versatile.

Why businesses choose **Worldpay EPOS**

Speedier transactions

Keep it simple for customers and employees, creating a streamlined experience that reduces errors and keeps the line moving.

Streamline operations

Wave goodbye to labour-intensive inventory with automatic tracking, so you spend fewer hours managing it yourself.

Powerful reporting

Get convenient access to transaction trends and customer insights. Make data-informed decisions and keep a close tab on finances.

Customer-centric experiences

Detailed data on purchasing choices to run flexible marketing promotions and incentives to keep customers coming back.

Cloud-based apps

Evolve your business with ease with the right business apps* to scale and improve as you grow.

Some apps may require additional subscriptions.

Minimise errors

Reduce administrative tasks and eliminate duplicate transactions to help minimise entry errors.

Scan the QR Code and one of our payment's experts will be in touch.
