ATTENTION! Before You Get Started

1. Make sure that you have ample time to perform this download. You will not be able to process transactions on the terminal once the download process begins.
2. Settle any open transactions. Terminal downloads will delete any open batches and the transactions within.
3. Have your newly provided terminal identification number (TID) handy. You will need it to complete the download.

Helpful Hints:

- Most of the buttons to be pressed will be circled in red.
- Your screen should match the screen on the instructions (besides your unique Terminal ID Number).

Full Download via IP

- This download replaces the application on the terminal.
- It takes 5-6 minutes.

Step 1

- Press '**F2**' and '**F4**' at the same time to access the System Mode Menu. You will be prompted for a password if performed correctly.

*****Please ensure your batch is settled before you attempt any downloads.*****
